

Community Support Contributions: 2010

AstraZeneca Canada is proud to provide support to many different charitable and non-profit organizations across Canada. In 2010, we provided \$8.9 million of community support to Canadian charities and non-profit organizations. Our global Community Support Policy focuses our community investment on healthcare in our local communities and in vulnerable communities or to support science education for young people. Exceptions are permissible with senior manager approval.

AstraZeneca is committed to publicly disclosing information about the charitable and non-profit organizations we support with funding, in-kind donations and international product donations. AstraZeneca Canada adheres to the Imagine Caring Company standard for corporate giving and is a member of LBG (London Benchmarking Group) Canada. Our reporting is in line with LBG Canada standards.

If you have questions about the information contained in this document or about AstraZeneca Canada's community support activities, please contact us at corp-responsibility@astrazeneca.com.

Employee Giving and Volunteering Program

AstraZeneca Canada is pleased to support the giving and volunteer activities of its employees through its Volunteer Investment Program (VIP). VIP matches the donations employees make to registered charities up to a maximum of \$500 per employee; provides volunteer grants of \$500 to registered charities where employees have volunteered a minimum of 40 hours; supports team fundraising to a maximum of \$1,000; provides sponsorship of \$250 to sports teams and community groups with non-profit status where employees volunteer their time as coaches, mentors, fundraisers or board members; and lastly, provides up to two days of release time for employees to volunteer with the charity of their choice. The organizations listed below have received funding support from AstraZeneca or volunteer from our employees through VIP.

Product Donations

Internationally, we donate our products through [Health Partners International of Canada](#) (HPIC), a Montréal-based charitable organization that provides much needed medicines, vaccines, medical supplies and devices for use by humanitarian or disaster relief missions in developing countries. Our products are included in HPIC's Physician Travel Packs (PTP) and we respond to special requests from physicians traveling on humanitarian missions overseas.

In 2010, we donated close to \$1.2 million worth of medicines to HPIC. Our medicines were used by physicians on humanitarian missions to Guatemala, the Dominican Republic, Zimbabwe, Kurdistan, Togo, Kabul, Uganda, Ghana, and the Philippines. We provided medicines to support disaster relief efforts in Haiti and Pakistan. And we are proud to contribute to HPIC's Capacity Building and Access to Medicines Project in Afghanistan.
