

## Community Support Contributions: 2014

AstraZeneca Canada is proud to provide support to many different charitable and non-profit organizations across Canada. In 2014, we invested almost \$6 million in health initiatives with Canadian charities and non-profit organizations. In alignment with our global Community Support Policy, we invest in initiatives that aim to improve the health and well-being of Canadians and that support science education for young people. Exceptions are permissible with senior executive team approval.

AstraZeneca is committed to publicly disclosing information about the charitable and non-profit organizations we support with funding, in-kind donations and international product donations. AstraZeneca Canada adheres to the Imagine Caring Company standard for corporate giving and is a member of LBG (London Benchmarking Group) Canada. Our reporting is in line with LBG Canada standards.

If you have questions about the information contained in this document or about AstraZeneca Canada's community support activities, please contact us at [corp-responsibility@astrazeneca.com](mailto:corp-responsibility@astrazeneca.com).

Employee Giving and Volunteering Program

AstraZeneca Canada is pleased to support the giving and volunteer activities of its employees through its Volunteer Investment Program (VIP). VIP matches the donations employees make to registered charities up to a maximum of \$500 per employee; provides volunteer grants of \$500 to registered charities where employees have volunteered a minimum of 40 hours; supports team fundraising to a maximum of \$1,000; provides sponsorship of \$250 to sports teams and community groups with non-profit status where employees volunteer their time as coaches, mentors, fundraisers or board members; and lastly, provides up to two days of release time for employees to volunteer with the charity of their choice. The organizations listed below have received funding support from AstraZeneca through VIP.

### Product Donations

Internationally, we donate our products through [Health Partners International of Canada](#) (HPIC), a Montréal-based charitable organization that provides much needed medicines, vaccines, medical supplies and devices for use by humanitarian or disaster relief missions in developing countries. Our products are included in HPIC’s Physician Travel Packs (PTP) and we respond to special requests from physicians traveling on humanitarian missions overseas.

In 2014, we donated close to \$1.8 million worth of medicines to HPIC. Our medicines were used by physicians on humanitarian missions to Gambia, Uganda, Ecuador, the Dominican Republic, North Korea, Gaza, Ethiopia, Guatemala, Bhutan, Cambodia, Bolivia, Syria, Nicaragua, Haiti and The Philippines. We completed a significant donation of meropenem (Merrem) to three countries: the Angkor Hospital for Children in Cambodia in partnership with the Ptarmigan Foundation of Calgary; the Shifa Hosptial in Gaza in partnership with ANERA; and, to the Dolo and Gambela camps in Ethiopia in partnership with the International Medical Corps.

### Stand Up To Cancer

In 2014, we were excited to commit our support to the launch and establishment of Stand Up To Cancer (SU2C) Canada, an initiative that will draw on the entertainment community to rally the public, Canadian health charities, government funded organizations and corporations around ending cancer’s reign as a leading cause of death. For 30 years, AstraZeneca has been developing innovative approaches to treat cancer. As the first Canadian pharmaceutical company to partner with SU2C, we demonstrate our commitment to oncology leadership and to supporting health research projects that will help prevent cancer, reduce cancer-related deaths and improve the lives of patients living with this disease.
